HTML | CSS | Javascript | React JS | Next JS

PROFESSIONAL EXPERIENCE

UI/UX Designer, *INFOTEK Solutions* Jun 2025 – Present | Vadodara, India (On-site)

- Designed and delivered end-to-end UI/UX for 8+ client websites across real estate, logistics, manufacturing, automotive, and ed-tech verticals, spanning desktop and mobile platforms.
- Developed and maintained live websites with full responsiveness, resolving cross-device UI glitches, animation issues, and layout inconsistencies.
- Collaborated with developers to integrate third-party APIs (WhatsApp Cloud API, Cloudflare, CRM APIs) into production websites.
- Designed marketing collaterals — brochures, social media carousels, flyers, and presentation decks — aligned with brand guidelines across multiple client accounts.
- Applied AI-assisted design-to-code workflows ("vibe coding") using Figma, Claude, and Antigravity to accelerate prototyping and developer handoff.
- Managed design-to-development handoff by structuring content, building visual mockups, and delivering developer-ready output.
- Conducted UI brainstorming sessions and ideated design and marketing strategies for client brands, incorporating feedback from senior stakeholders into final deliverables.
- Worked across multiple simultaneous client projects in a fast-paced on-site agency environment, with daily task reporting and cross-team coordination.

Web Desginer, *IMS Group* Aug 2024 – Jun 2025 | Ahmedabad, India

- Utilized Duda (Shazame), Webflow, and framework tools to create visually appealing and functional websites, focusing on no-code development platforms.
- Designed and developed a portfolio for IMS Group, ensuring a professional online presence that aligns with the company's branding and objectives.
- Demonstrated expertise in web design, layout optimization, and content integration using no-code platforms to streamline the development process.
- Ensured responsive and user-friendly website designs compatible across multiple devices and browsers, enhancing user experience.
- Leveraged the flexibility of no-code tools to deliver efficient and high-quality results, reducing development time and technical complexity.

UI/UX Designer, *BMBC Foundation* Apr 2024 – Jul 2024 | Remote

- Collaborated with US-based clients to create engaging and functional designs, including dashboards and website revamps, aligning with client objectives and brand guidelines.
- Spearheaded the redesign and optimization of websites, focusing on improved user experience, visual appeal, and modern web standards.
- Worked closely with clients to understand requirements and incorporate feedback, ensuring the final product met and exceeded expectations.

UI/UX Designer, *Vtech Solutions* Oct 2023 – Mar 2024 | Vadodara, India

- Participated in the redesign process of an e-commerce website, contributing to a 25% increase in conversion rates.
- Enhanced visual appeal and usability of university landing pages, resulting in a 30% decrease in bounce rates and a 20% increase in user engagement.
- Partnered on university internal projects, designing interfaces for student portals and administrative tools, aligning with institutional goals and resulting in a 40% decrease in user complaints.
- Contributed significantly to company internal projects by overhauling websites, leading to a 50% decrease in page load times and a 15% increase in user satisfaction.
- Led the design of web applications for a company subcompany, resulting in a 25% improvement in user workflow efficiency and a 20% increase in task completion rates.

- Achieved delivery of UI designs that led to a 30% increase in user retention and a 35% improvement in overall user experience.
- Earned acclaim from stakeholders for delivering designs that precisely met business requirements and objectives, resulting in a 40% increase in positive feedback.

UI/UX Intern, *CH Developers* Apr 2023 – Oct 2023 | Remote

- Designed the user interface for Crypsii, a crypto news platform mobile application, ensuring intuitive navigation and engaging content presentation.
- Developed mobile and web application designs for FarmClub, a plant-based e-commerce platform, emphasizing a clean, user-friendly interface.
- Focused on creating consistent visual themes and seamless user experiences tailored to each platform's target audience.

AWARDS

Best Performer Award, *Vtech Solutions*
Awarded for revamping the old vTech healthcare website within a one-week timeframe at vTech.

EDUCATION

Bachelor of Technology, *Parul Institute of Technology* Apr 2019 – Apr 2023 | Vadodara, India

- Computer Science Engineering
